# OUR COMMUNITY

## MAYOR'S MESSAGE

As Australia's fastest growing Local Government Area, it is a priority for Council to continue to provide essential infrastructure and services to cater to our growing population.

I am very honoured to lead Council, serve the community and continue to deliver infrastructure projects to a high standard.

There are so many exciting projects recently delivered to the community. In June, we officially opened the much-anticipated Oran Park Library. This is a major community asset delivered in the heart of our growth residential areas. Early this year we officially opened Camden's first public art gallery, the Alan Baker Art Gallery in the historic Macaria building.

Works are also underway to deliver a new water play park and two new youth play spaces. Construction has commenced at Sedgewick Reserve in Currans Hill, Harrington Lake Reserve in Harrington Park as well as Curry Reserve Water Play Park in Elderslie. I look forward to seeing the completion of these fantastic community recreation facilities.

Thank you to all the students who participated in this year's 'Mayor for a Day' event as part of Local Government Week. Local Government Week provides an opportunity to recognise the important work councils do in their local community by involving children in fun, educational and interactive events.

Until next time,

*Lara Symkowiak*
