WELCOME TO THE LGNSW ANNUAL CONFERENCE 2018

LGNSW ANNUAL
CONFERENCE
REGISTRATION 2018

2

Welcome from the President

Cr Linda Scott

I look forward to welcoming you to the 2018 LGNSW Annual Conference in Albury.

Once again, we will gather to discuss issues of importance to the communities we serve. We will debate and discuss advocacy priorities for the year ahead.

LGNSW represents all 128 councils in NSW and is the state's peak local government body. The decisions made at conference are the foundation of our ongoing advocacy efforts.

Whether you are from a city, regional or rural council, a mayor, councillor or a senior member of staff, I know you will also value the opportunity this conference provides to meet with, and learn from, other people with similar roles and challenges.

We will hear from the Premier of NSW, as well as the federal and state ministers and shadow ministers for local government. An expert panel will also discuss the theme of 'smart places' and associated innovation, ideas, technology, data and research.

Concurrent sessions will cover: case studies of AR Bluet Award winning councils in 2016 and 2017; legal responsibilities for elected members; and developing capabilities for elected members.

The conference will also feature a significant trade exhibition showcasing the latest products and services available to the sector.

This year's annual conference is not to be missed. I look forward to seeing you in Albury later this year.

Welcome to Albury

Cr Kevin Mack, Mayor of Albury

Welcome to delegates attending the 2018 LGNSW Conference. As a renowned leader of regional councils in NSW, Albury City is proud to welcome our rural, regional and metropolitan colleagues to enjoy our vibrant, relaxed, clean, friendly city.

We know you will enjoy the hospitality of the Albury Entertainment Centre situated in the heart of our cultural precinct. Please take the opportunity to explore the area with a visit to the Art Museum (MAMA) and the Library Museum during your stay. The welcome function on the banks of the Murray will be another highlight – we are about to embark on an exciting \$10 million river re-development project which will be a breathtaking addition to our community and visitor experiences. We are extremely proud that Albury continues to grow and evolve as a jewel in the crown of both southern NSW and regional Australia.

This year's conference will, I'm sure, highlight issues and challenges faced by all local government bodies and it's hoped we can come away with positive strategies and key learnings that make a real difference in our communities.

I wish you all an enjoyable stay in Albury and a successful 2018 conference.

- 29.4 Notwithstanding clause 29.1 or any other provision of this Agreement:

- 40.2.2 on lodgement of any plans of subdivision of the Land with the Registrar-General that create Final Lots, the Registrar-General will be directed not to register this Agreement on the title to the Final Lots being created by that plan.
- 40.3 The Parties also agree that the registration of the Agreement will be removed from the title to any part of the Land in relation to which the Developer proposes to sell Final Lots which are not yet created (**Superlot**), before the Developer has met its obligations under this Agreement in relation to the Superlot, if:
- 40.3.1 The Landowner or Developer has notified the Council that it wishes to commence selling Final Lots to be created on the Superlot;
- 40.3.2 The Landowner or Developer has provided Council with a copy of the proposed plan of subdivision for the Superlot;

- 40.4 The Landowner agrees to sign all forms necessary, and do all things reasonably necessary to allow this Agreement to be registered under clause 40.1 including obtaining the consent of any mortgagee or other person with an interest in the Land to that registration, and having the certificates of title for the Land delivered to the Registrar-General.
- 40.5 The Parties agree to sign such documents and do such things as may be required to achieve the said registration within seven (7) days of the execution of this Agreement.
- 40.6 Upon completion of the obligations of the Developer pursuant to this Agreement, the Parties are to do such things as may be required to remove the recording of this Agreement as a planning agreement from the title of the Land, including removing the recording of the Agreement from the title to part of the Land in respect of this the Developer has met its obligations.
- 40.7 Landcom will bear all costs incurred by any Party in relation to the registration of this Agreement in accordance with this clause.

41 Compulsory Acquisition

- 41.1 In the event that the Landowner does not dedicate any land required to be dedicated under this Agreement, at the time at which it is required to be dedicated, the Landowner consents to the Council compulsorily acquiring that

land, for compensation in the amount of \$1 without having to follow the pre-acquisition procedure under the Just Terms Act.

- 41.2 Council is to only acquire land pursuant to clause 41.1 if to do so is reasonable, having regard to the circumstances surrounding the failure by the Landowner to dedicate the land required to be dedicated under this Agreement.
- 41.3 Clause 41.1 constitutes an agreement for the purposes of section 30 of the Just Terms Act.
- 41.4 If, as a result of the acquisition referred to in clause 41.1, the Council is to pay compensation to any person other than the Landowner, the Developer or Landowner is to reimburse the Council for that amount, upon a written request being made by the Council, or the Council can call on any Security.
- 41.5 Except as otherwise agreed between the Parties, the Landowner is to ensure that the land to be dedicated under this Agreement is free of all encumbrances and affectations (whether registered or unregistered and including without limitation any charge or liability for rates, taxes and charges), on both the date that the Landowner is liable to transfer that land to the Council under this Agreement, and the date on which the Council compulsorily acquires the whole or any part of that land in accordance with the Just Terms Act.
- 41.6 The Developer indemnifies and keeps indemnified the Council against all claims made against the Council as a result of any acquisition by the Council of the whole or any part of the Land.
- 41.7 The Landowner will promptly do all things necessary, and consents to the Council doing all things necessary, to give effect to this clause 41, including without limit:
- 41.7.1 signing any documents or forms;
- 41.7.2 giving land owner's consent for lodgement of any Development Application;
- 41.7.3 producing certificates of title to the Registrar-General under the Real Property Act; and
- 41.7.4 paying the Council's costs arising from clause 41.
- 41.8 Notwithstanding clause 41.5, if, despite having used its best endeavours, the Landowner cannot ensure that the land to be dedicated is free from all encumbrances and affectations, then the Landowner may request that Council agree to accept the land subject to those encumbrances and affectations, and:
- 41.8.1 Council cannot withhold its agreement unreasonably if the encumbrance or affectation does not prevent the future use of the land for the public purpose for which it is to be dedicated under this Agreement, unless the encumbrance or affectation is a charge arising as a result of unpaid taxes or charges; and
- 41.8.2 in all other cases, Council may withhold its agreement in its absolute discretion.

- 43.2 The report referred is to be in such a form and to address such matters as may be notified by the Council to the Developer from time to time.
- 43.3 The Council, at its own cost, is to keep a written register of the Development Contributions made by the Developer under this Agreement.
- 43.4 The register is to contain (but is not limited to) particulars of the following:

- 43.7 The Parties agree to review this Agreement annually, and otherwise if either party is of the opinion that any change of circumstance has occurred, or is imminent, that materially affects the operation of this Agreement.
- 43.8 For the purposes of clause 43.7, the relevant changes include (but are not limited to) any change to a law that restricts or prohibits or enables the Council or any other planning authority to restrict or prohibit any aspect of the Development.
- 43.9 For the purposes of addressing any matter arising from a review of this Agreement referred to in clause 43.7, the Parties are to use all reasonable endeavours to agree on and implement appropriate amendments to this Agreement.
- 43.10 If this Agreement becomes illegal, unenforceable or invalid as a result of any change to a law, the Parties agree to do all things necessary to ensure that an enforceable agreement of the same or similar effect to this Agreement is entered into.
- 43.11 A failure by a Party to agree to take action requested by the other Party as a consequence of a review referred to in clause 43.7 is not a dispute for the purposes of clauses 38 and 39 and is not a breach of this Agreement.

44 Variations to Contribution Items and Staging

- 44.1 The Developer may request that the Council approve a variation to the Contribution Items to be provided under this Agreement.
- 44.2 The Council may, in its absolute discretion agree to a variation of the Contribution Items, provided that the variation does not result in the sum of the Contribution Values of all Contribution Items falling below the sum of the Contributions Values of all Contribution Items as at the date of this Agreement and the variation is generally consistent with the intended objectives and outcomes of this Agreement at the date of this Agreement.
- 44.3 The Developer may request that the Council approve a variation to the staging of the provision of the Contribution Items.
- 44.4 The Council is to act reasonably in determining whether to grant a variation to the staging of the provision of the Contribution Items.
- 44.5 If a variation is made to the Contribution Items pursuant to this clause, then Schedule 3 will be deemed to be amended to include the varied Contribution Items, and their Contribution Values.

GST Law has the meaning given by the *A New Tax System (Goods and Services Tax) Act 1999* (Cth).

Input Tax Credit has the meaning given by the GST Law and a reference to an Input Tax Credit entitlement of a party includes an Input Tax Credit for an acquisition made by that party but to which another member of the same GST Group is entitled under the GST Law.

Taxable Supply has the meaning given by the GST Law excluding (except where expressly agreed otherwise) a supply in respect of which the supplier chooses to apply the Margin Scheme in working out the amount of GST on that supply.

- 58.2 Subject to clause 58.4, if GST is payable on a Taxable Supply made under, by reference to or in connection with this Agreement, the Party providing the Consideration for that Taxable Supply is to also pay the GST Amount as additional Consideration.
- 58.3 Clause 58.2 does not apply to the extent that the Consideration for the Taxable Supply is expressly stated in this Agreement to be GST inclusive.
- 58.4 No additional amount shall be payable by the Council under clause 58.2 unless, and only to the extent that, the Council (acting reasonably and in accordance with the GST Law) determines that it is entitled to an Input Tax Credit for its acquisition of the Taxable Supply giving rise to the liability to pay GST.
- 58.5 If there are Supplies for Consideration which is not Consideration expressed as an amount of Money under this Agreement by one Party to the other Party that are not subject to Division 82 of the *A New Tax System (Goods and Services Tax) Act 1999*, the Parties agree:
- 58.5.1 to negotiate in good faith to agree the GST inclusive market value of those Supplies prior to issuing Tax Invoices in respect of those Supplies;
- 58.5.2 that any amounts payable by the Parties in accordance with clause 58.2 (as limited by clause 58.4) to each other in respect of those Supplies will be set off against each other to the extent that they are equivalent in amount.
- 58.6 No payment of any amount pursuant to this clause 58, and no payment of the GST Amount where the Consideration for the Taxable Supply is expressly agreed to be GST inclusive, is required until the supplier has provided a Tax Invoice or Adjustment Note as the case may be to the recipient.
- 58.7 Any reference in the calculation of Consideration or of any indemnity, reimbursement or similar amount to a cost, expense or other liability incurred by a party, is to exclude the amount of any Input Tax Credit entitlement of that party in relation to the relevant cost, expense or other liability.
- 58.8 This clause continues to apply after expiration or termination of this Agreement.

Description of Proposed Development

The Draft Deed of Variation applies to the Development the subject of the Planning Agreement

Summary of Objectives, Nature and Effect of the Draft Deed of Variation

Objectives of Draft Deed of Variation

The objective of the Draft Deed is to amend the Planning Agreement to provide for:

- the embellishment and dedication of additional open space and at no cost to Council. This will increase the size of the Sports Park from 5.8ha to 10.44ha, in the south-central part of the Oran Park precinct (Stage E),
- amendment to the timing of dedication of the Sports Park; and
- certain requirements in respect of the Sports Park to be met before it is dedicated.

The executed Planning Agreement nominates the Sports Park as 5.8ha which is to include the provision of multipurpose fields (hockey, rugby league, rugby union, soccer), 6 netball/tennis courts, parking, 4 practice nets and amenities and clubroom (as set out in the specifications for the in the relevant contributions plan).

The 5.8ha site has been found to provide insufficient space to accommodate all the required sport/recreation facilities along with the necessary circulation space and suitable separation between the different uses. Accordingly the Parties seek to amend the Planning Agreement to include the additional land for the Sports Park to increase the size to 10.44ha which will incorporate double playing fields, 10 hardcourts including 2 multi-purpose courts and 2 clubhouse/amenities buildings.

The Draft Deed amends the existing Development Contributions (Schedule 3) provided under the Planning Agreement, in respect to the embellishment and dedication of this additional land for the 10.44 ha Sports Park.

The Draft Deed further includes additional clause 9A requiring remediation of that Sports Park, in accordance with Development Consent 227/2016, within 10 years of the date the embellishment work on the park is completed and before the Sports Park is dedicated to Council.

The Draft Deed further includes a requirement for a lease to be granted to the Council and the registrable form of the lease prepared and entered into to enable the Council's use of the Sports Park by the Council and members of the public.

The overall open space to be provided, as amended by the Draft Deed is shown in the plan below:

Nature of Draft Deed of Variation

The Draft Deed is a variation to the Planning Agreement under d25C(3) of the *Environmental Planning and Assessment Regulation 2000*.

Effect of the Draft Deed of Variation

The Draft Deed of Variation amends the Planning Agreement in the manner set out in clause 5 of this Deed.

Assessment of the Merits of the Draft Deed of Variation

The Planning Purposes Served by the Draft Deed of Variation

The planning purposes served by the Draft Deed are the same as those set out in the Planning Agreement, and the Planning Agreement explanatory note. Specifically, the Draft Deed serves the planning purposes as set out in section 1.3(a), (c) & (g) of the *Environmental Planning & Assessment Act 1979*, encouraging the provision of land for public purposes, and the provision and co-ordination of community service and facilities, by securing additional land for public purposes to accommodate required sport/recreation facilities.

How the Draft Deed of Variation Promotes the Public Interest

The Draft Deed promotes the public interest in the same manner set out in the Planning Agreement, and the Planning Agreement explanatory note. Specifically, the Draft Deed promotes the public interest by securing the embellishment and dedication of additional land for the Sports Park, in the south-central part of the Oran Park Precinct (Stage E), thereby ensuring sufficient space is available to accommodate required sport/recreation facilities.

All Planning Authorities – Whether the Draft Deed of Variation Conforms with the Authority’s Capital Works Program

The Draft Deed requires that specified works be carried out by the Developer for the purposes of providing public facilities, particularly recreation facilities.

These works are not included in the Council’s relevant current capital works program.

All Planning Authorities – Whether the Draft Deed of Variation specifies that certain requirements must be complied with before a construction certificate, occupation certificate or subdivision certificate is issued

The Draft Deed does not specify that certain requirements must be complied with before a construction certificates, occupation certificate or subdivision certificate is issued. However, the Planning Agreement does specify such requirements including that the provision of the Sports Park by 30 November 2020.

DRAFT AMENDMENT TO CAMDEN DEVELOPMENT CONTROL PLAN 2011 – SITE SPECIFIC CONTROLS FOR LITTLE STREET, CAMDEN

The draft amendment to Camden DCP 2011 has been prepared for the purposes of initial Council endorsement and public exhibition. The following amendments are proposed:

- Insert draft site specific controls for Little Street (outlined below) into Part D4.5 – Site Specific Industrial Controls (creation of new subsection D4.5.4).
- Update Table of Contents
- Update Part D – Figures

D4.5.4 Little Street Camden Zone IN2 Light Industrial Land

Background

The Little Street industrial area is zoned light industrial under the Camden Local Environmental Plan 2010 and is made up of some residential uses, industrial uses and community type uses. This section applies to land zoned IN2 Light Industrial on Little Street, Camden as shown in Figure 56a. The land zoned light industrial is adjacent to the Camden Heritage Conservation Area. The broader precinct is also unique with an array of uses, such as mixed uses, detached dwellings, multi-dwelling housing, medical services, a NSW Ambulance station, rural uses and the Camden Hospital.

The below controls were developed with the aim of reducing the impact of new industrial developments on existing residential properties within Little Street and the surrounding area.

This section must be read in conjunction with D4.1 General Industrial Controls. In the event of any inconsistency between D4.1 and this section, the below controls prevail.

Figure 56a: Little Street Camden IN2 Light Industrial Land

Objectives

1. To ensure that the use and development of the industrial land does not have an unacceptable detrimental impact on the amenity of the surrounding residential uses.
2. The bulk and scale of development must be in keeping with the mixed use character of the locality.
3. To recognise the significance of light industry in this location and minimise any adverse impacts of industry on other land uses.
4. To ensure that land use conflicts are appropriately managed.

Operations

1. Details of the proposed operation including, mechanical operations, deliveries, vehicle movements, acoustic impacts and hours of operation must be provided for all development.
2. The maximum length of vehicles accessing properties from Little Street must not be longer than 12.5m.
3. The maximum permitted hours of operation (including deliveries) for development opposite or adjacent to residential development are between the hours of 7:30 am to 5:30 pm Monday to Saturday with no operation permitted on Sundays.
4. Where development is opposite or adjacent to a dwelling:
 - There must be no operations on public holidays.
 - Proposals to operate outside these hours will be required to demonstrate there will be no adverse impacts on adjoining dwellings.
 - Loading and unloading time is not to impact on the amenity of a dwelling. Schedules of vehicle movements and their routes are to be provided in the development application.

Building design

5. A minimum 2 metre side setback is required for industrial development adjacent to an existing dwelling. Landscaping is to be used to soften the impact of the development to neighbouring lots.
6. For industrial development which shares a common boundary with an existing dwelling, a minimum rear setback of 6 metres is required for any part of a building above 4.5 metres in height. It must be demonstrated that there will be no adverse impacts on adjoining dwellings from the operation of the use within the rear setback and controls 7 and 8 within this section are complied with.

Amenity

7. Direct sunlight must reach at least 50% of the PPOS of any adjoining dwelling, for not less than 3 hours between 9:00am and 3:00pm on 21 June.
8. At least one window to a living area of a dwelling on a neighbouring property must receive a minimum 3 hours of sunlight between 9:00am and 3:00pm on 21 June.

There may be circumstances where existing solar access on neighbouring properties will not be able to be retained due to:

- Existing living areas of neighbouring properties being inappropriately located with regard to solar access;
- Existing site topography;
- Existing shadowing from other buildings, dwellings, structures and trees; and
- Orientation of existing lots

NOTE: All proposed developments must comply with Councils Acoustic Amenity controls within this DCP. Applications must comply with the NSW EPA *Noise Policy for Industry (2017)*, or any other applicable policies. Council may require the submission of an Acoustic Report to support the development application.

Vehicle body repair workshops and vehicle repair station

9. Council must not grant consent to development for the purpose of a vehicle body repair workshop or a vehicle repair station, if the land adjoins a dwelling, unless appropriate arrangements are made to store all vehicles awaiting or undergoing repair, awaiting collection, or otherwise involved with the development on the site of the proposed development, and they will be stored either:
 - Within a building, or,
 - Within a suitably screened area.

ORDINARY COUNCIL

ORD06

SUBJECT: OPTIONS TO REDUCE LAND USE CONFLICT AT LITTLE STREET, CAMDEN

FROM: Director Planning & Environment

TRIM #: 17/205421

PREVIOUS ITEMS: ORD14 - Notice of Motion - Little Street, Camden - Ordinary Council - 13 Jun 2017 6.00pm

PURPOSE OF REPORT

The purpose of this report is to outline options to reduce land use conflict in Little Street, Camden as resolved through a Notice of Motion on this issue at the meeting of 13 June 2017.

BACKGROUND

On 13 June 2017, Council resolved that:

- i. *the General Manager or his nominee, prepare a report for Councillors into possible solutions to reduce conflict between these zones as required by the objectives contained within the Camden Local Environmental Plan 2010 Land Use Table.*
- ii. *the report be completed and submitted to Council no later than three months from this meeting.*

Figure 1 – Little Street, Camden – Location Map

This is the report submitted to the Ordinary Council held on 12 September 2017

Page 1

Little Street is located approximately 0.5km south of the Camden Town Centre and is within close proximity to the Camden Hospital (refer to **Figure 1**). The precinct is located approximately 7km from Smeaton Grange, Camden's largest industrial area.

Zoned under the Camden Local Environmental Plan 2010 (Camden LEP 2010), Little Street is made up of a number of zones including IN2 Light Industrial, R2 Low Density Residential, and R3 Medium Density Residential (refer to **Figure 2**). To the rear of the lots on the western side of Little Street is an area of RU1 Primary Production zoned land. The RU1 boundary is broadly consistent with the 1 in 100 year flood line.

Little Street precinct contains 24 lots zoned IN2 Light Industrial, the remaining 35 lots are zoned for residential purposes. Of the 24 industrial lots, 16 lots have residential uses on them, one lot has been issued with development consent (June 2017) for the construction of an industrial development, and the remaining seven lots are used for a range of industrial and urban services uses.

A number of residents in the area have expressed concern regarding land use conflict in the area and that the objectives of the IN2 Light Industrial zone are not being met. There are specific concerns about traffic and parking, pedestrian safety, noise, the scale of development, and heavy vehicle movements.

Councillors were briefed on this matter on 15 August 2017.

MAIN REPORT

History of Zoning

Prior to Camden LEP 2010, the industrial land in Little Street was zoned 4(b) Service Industrial under Camden Local Environmental Plan No 46 (Camden LEP 46), gazetted in 1989.

In response to the standardised LEP template introduced by the NSW Government in 2006, Camden LEP 2010 was adopted, repealing Camden LEP 46 on 3 August 2010.

Given the standardisation of zones and permissible uses within the new LEP template (Camden LEP 2010), Council applied the zone that was the closest equivalent to the previous 4(b) Service Industrial zone. The IN2 Light Industrial zone was considered to be the 'best fit' zone and encouraged a wide variety of light industrial, warehouse and related land uses.

The objectives of the IN2 Light Industrial zone in the Camden LEP 2010 include:

- To provide a wide range of light industrial, warehouse and related land uses;
- To encourage employment opportunities and to support the viability of centres;
- To minimise any adverse effect of industry on other land uses;
- To enable other land uses that provide facilities or services to meet the day to day needs of workers in the area;
- To support and protect industrial land for industrial uses; and
- To enable non-industrial land uses that are compatible with and do not detract from the surrounding industrial and warehouse land uses.

Figure 2 – Little Street – Existing zoning (Source – Camden LEP 2010)

Residential accommodation is prohibited in the IN2 Light Industrial zone under the Camden LEP 2010.

Under Camden LEP 46, the only form of residential accommodation permissible was a dwelling house used in conjunction with industry and situated on land on which such industry was conducted.

The existing dwellings within the IN2 zoned land enjoy 'existing use rights'. Uses that demonstrate 'existing use rights' can continue to operate provided the nature of the use remains continuous and the same.

Options to reduce land use conflict in Little Street

There are a number of options available to Council to reduce and investigate land use conflict between the industrial and residential uses in Little Street.

Option 1 - Consultation and enforcement

Ongoing surveillance and enforcement in and around Little Street, to ensure that conditions of development consent are complied with (for example, restrictions on truck size and loading areas).

This action has had positive results, and it is considered that ongoing consultation and enforcement will help to further alleviate any negative impacts on residents in the area.

The following actions are suggested:

- Continue working with local industry to work through specific issues and to ensure conditions of development consent are being complied with; and

- Continue patrols of Little Street and the surrounding area. Where there is non-compliance, Orders and fines could be issued in accordance with Council's Compliance and Enforcement Policy.

Option 2 - Prepare a 'good neighbour charter'

A 'good neighbour charter' could be developed in conjunction with local industry and residents through a community workshop.

The charter would seek a commitment from all parties (including Council) to communicate and be responsive to neighbour concerns, and proactively resolve any issues.

Whilst not legally binding, a 'good neighbour charter' would promote a collaborative approach and encourage parties to keep communication lines open.

Option 3 – Review the Camden Development Control Plan 2011 (Camden DCP 2011)

Council could investigate the inclusion of specific controls for future development in Little Street within the Camden DCP 2011, such as limited hours of operation, limiting truck sizes / movements, noise etc. These controls would apply when a DA is lodged for development in Little Street.

It is noted however that State Environmental Planning Policy - Exempt and Complying Development Codes 2008 (Codes SEPP) would continue to apply. Under the Codes SEPP, a person can apply for a complying development certificate (CDC), in which case the controls in the Code SEPP override the Camden DCP 2011.

Option 4 – New LEP Clause – industrial development adjacent to residential uses.

Council could investigate the inclusion of a new clause in the Camden LEP 2010 which would require development applications for industrial development adjacent to residential uses to take into consideration specific matters such as height, scale, siting, character, screening, storage of plant equipment, noise generation, hours of operation, traffic and parking.

Any amendment to the Camden LEP 2010 would require a Planning Proposal and approval by the Department of Planning and Environment (DPE). The clause would be a local provision and Council would need to work with DPE to ensure the clause could be supported.

Option 5 – Review zoning

A review of zoning would require Council to undertake detailed strategic analysis to ensure there is planning merit and to understand the potential impacts, including loss of employment land, flooding, and net community benefit. In addition, studies such as contamination and traffic, would need to be prepared to examine whether the land is suitable for an alternate use, such as residential.

Investigating a rezoning is an extensive process, and it is unlikely that residents would notice any significant change in the area in the short to medium term. This is because 'existing use rights' provisions enable existing uses on the land to continue to operate.

Should Council resolve to review the zoning of land in Little Street, it is recommended that it is undertaken as part of a wider strategic review of Camden's industrial and

This is the report submitted to the Ordinary Council held on 12 September 2017 - Page 4

employment lands. This could be included in the Phase 2 of Council's comprehensive LEP review, and would require approval by the DPE.

Options 4 and 5 would be undertaken in conjunction with Phase 2 of the review of the Camden LEP 2010. The timing of this project is dependent on the finalisation of the draft District Plan.

FINANCIAL IMPLICATIONS

There are no financial implications as a result of this report. Implementation of the options outlined in this report may have financial implications, however these will be considered through future budget allocations.

CONCLUSION

There are a number of options to address land use conflict in Little Street including ongoing consultation and enforcement, preparation of a 'good neighbour charter', site specific DCP controls, drafting of a new LEP clause for development adjacent to residential uses, and reviewing the zoning of the current IN2 Light Industrial land.

The options as outlined in this report provide potential short term and longer term benefits to reduce conflicts between land uses in Little Street. It is therefore recommended that in the short term Council officers continue to work with the community and business owners in Little Street to reduce ongoing conflict. Beyond that, it is recommended that Council officers further investigate amendments to planning controls including a potential rezoning.
