Media Release

26 June 2015

IMPROVED PLANTINGS IN THE CAMDEN LGA

Camden residents and visitors will soon be able to enjoy new and improved plantings at key locations in the Camden Local Government Area (LGA), following an allocation of \$153,000 in the 2015/2016 Operational Plan (Budget) approved by Council this week.

Mayor of Camden, Cr Lara Symkowiak said this is a positive step forward for the community, and is looking forward to seeing the results from the high impact plantings and embellishments at specific roundabouts and corner locations across the LGA.

“Camden is such a beautiful place to live in and visit. Council has chosen high profile locations for these planting upgrades which will only further beautify our area and strengthen community pride.”

“Plants will be selected to suit the various locations and conditions and include a range of species to achieve maximum aesthetic appeal.”

“I am pleased that Council has approved additional resources in the Budget in order to improve these sites to the high standard that is expected by our community.”

“Plantings within roundabouts and road verges will take into consideration Roads and Maritime Services guidelines to ensure that they do not affect the visibility of road users.” Cr Symkowiak said.

The following locations have been approved by Council:

Camden

- Corner Burragorang Road and Old Hume Highway
- Corner Old Hume Highway and Camden Bypass
- Roundabout Sheathers Lane and Cawdor Road
- Roundabout Elizabeth Street and Argyle Street
