New netball courts complete at Narellan Sports Hub

Construction of a new outdoor netball complex is now complete as part of the first phase of the Narellan Sports Hub development.

Council has delivered the \$11 million sports facility to fulfil the needs of the growing community, as identified in the Camden Sportsground Strategy 2014.

“Delivering high quality sports and recreation facilities is a high priority for the Council,” said Mayor Lara Symkowiak.

“The project has delivered 30 high quality netball courts and an expansive amenities building that will cater for the growth of this sport in our area. There are plans to add another 14 courts in the future,” Cr Symkowiak said.

“This new complex is positioned near existing sports grounds and will be extended in a number of stages to include other facilities,” she said.

Stage 1 of the sports hub project has provided: -

- Centrally located amenities building that includes canteen, walk in cool room, meeting rooms, computerised security features, toilets, kitchen and barbecue;
- 30 netball courts;
- Floodlighting;
- 400 car parking spaces;
- Playground;
- Fencing; and
- Landscaping.
-

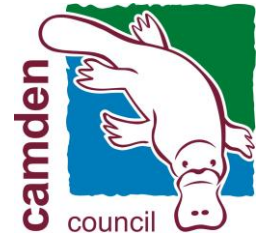

The development will ultimately feature athletics facilities, 44 netball courts and multi-purpose sports grounds.

“I would like to thank the Camden Netball Association for their input into the project. This was truly a collaborative effort between Council and the netball association,” she said.

Camden Netball Association will be using the courts for the first time for the start of their summer competition on Wednesday 11 October.
